

LAZY SUSAN BEARINGS

Triangle's lazy susan bearings are manufactured to the highest quality standards with the best materials and a reliable, consistent and accurate design process.

Standard, smooth-gliding bearings come in electroplate zinc coatings in 3", 4" and 6" square or 9" and 12" round. Greased bearings are available factory-direct, at a minimal added cost.

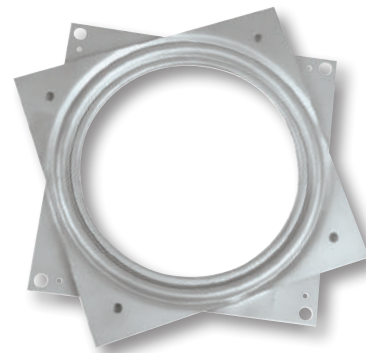

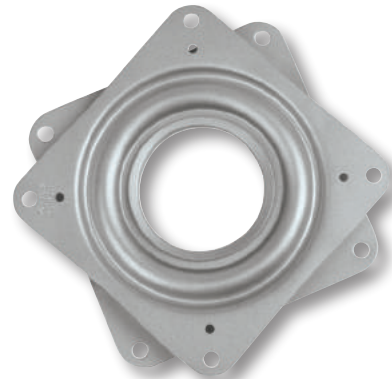

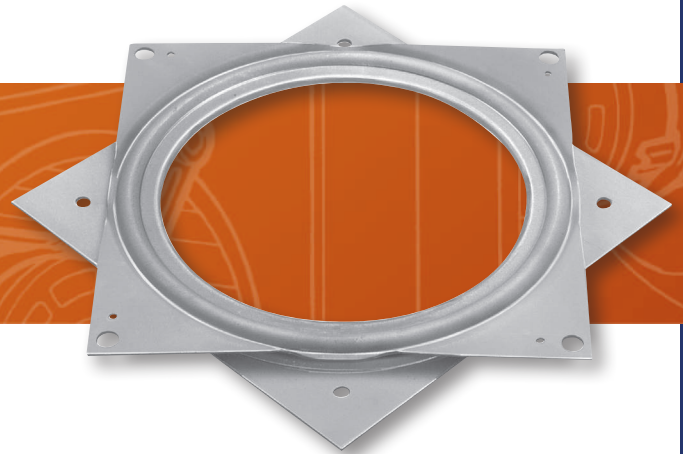

If you are looking for a custom, cost-effective product, Triangle Manufacturing offers engineering and design services.

Lazy susans are available with:

- Coating options (clear coat finish, black chromate finish, yellow chromate/zinc finish)
- Customizable detents
- PEM fasteners
- Plating
- Stops
- Trimming holes
- Mounting holes
- Open center for cable pass-through

"We have only received quality service and the best products from our friends at Triangle Manufacturing Company."
